

# Skip Trace Enquiry Process in Detail

Skip Tracing is the process of locating a missing debtor, who by changing address regularly attempts to hide and avoid the payment of their debt. We have access to a multitude of databases with varying levels of information. These databases are utilised during the course of every skip trace enquiry. Our professional fully trained skip tracing team apply “out of the box” thinking to locate even the hardest to find debtors.

We have had tremendous success on behalf of our clients in seeking out debtors. Let us provide you with the same success!
